

# CMC Ecosystem

## 3 main products

C-Chain (Blockchain)  
C-Chain (Crypto Currency Exchange)  
C-Chain (STO/ICO Listing Platform)

## PROBLEMS solved by CMC

### For The Investor

Solving the biggest problems of all in the crypto world, we are looking out for the investor and preventing them from losing money, we are using main stream traditional practice which worked for hundreds of years, when you invest in CMC you profit from and own percentage of all its products.

### For Companies

Both new companies entering the market and existing companies will be able to take advantage of our all in one service, from token creation, to raising funds followed by listing on exchange for competitive fee when all service used as a package.

## OUR MISSION

To create a self contained ecosystem, in which, the investor is protected and profits from all CMC services, and companies have all services in one place, from creating a token, to listing on STO/ICO platform to launching on Exchange

## CMC Maximizes

your ROI through it's innovative and efficient products.

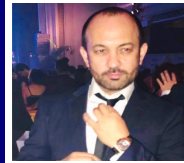

- C-Chain: Unique protocol, rewards the CMC holder with 5% of shares in every company within our Ecosystem as well as 20% of the network fee's
- C-Chain Sto/Ico platform, all services in one place, fundraising, banners, ads, rating, investors. with lower and more competitive prices for companies.

## CMC Minimizes

Investment loses, transaction time and network fee's

- C-Chain Cryptocurrency Exchange, will provide both the investor and companies with lower trading fee's and companies will receive a guaranteed listing if part of the whole ecosystem package.
